The 4,000-year story of witchcraft and magic—
from the ancient world to Harry Potter . . .
and beyond . . .

Telling the story of witchcraft and magic from
the dawn of writing in the ancient world, this
volume explores a wide range of magical beliefs
and practices, the rise of the witch trials, and the
depiction of the Devil-worshipping witch.

It also focuses on the more recent history of
witchcraft and magic, from the Enlightenment
to the present, exploring the rise of modern
magic, the anthropology of magic around the
globe, and finally the cinematic portrayal of
witches and magicians, from *The Wizard of Oz*
to *Charmed* and *Buffy the Vampire Slayer*.

‘an absorbing and illuminating study’
